Capt. Geo. H. Peets, Jr. March of Death Survivor Lost in Ship Disaster

Killed In Action

CAPT. GEO. H. PEETS, JR.

Capt. George Peets, Jr., of Maysfield, commanding a Company of Infantry in the Philippine Islands, and who was taken prisoner by the Japanese when the Peninsula of Bataan fell in 1942, has been killed in action, a delayed report from the War Department declares.

Capt. Peets was one among hundreds of heroic officers in the besieged army of the United States in the fateful campaign. According to information from the War Department to his parents, Mr. and Mrs. George Peets, Sr., he lost his life when a Japanese ship was torpedoed and sunk in Subic Bay in Philippine waters on December 15, 1945.

It was understood that the Japanese ship carrying American prisoners of war, was on its way to the home islands, the men being evacuated from prison camps in the Philippines, when an American submarine attacked. The official notification which has just recently come to his parents, did not state that the Japanese ship was sunk by an American submarine. The telegram was dated July 23, 1945, stating that the Secretary of War deeply regrets that Capt. Peets was killed in action in the Pacific Area on December 15, 1945, while being transported aboard a Japanese vessel. In all 941 men were lost when the ship went down, all Americans.

Here is the text of the letter from Secretary of War, Henry L. Stimson to Mr. and Mrs. Peets:

"At the request of the President, I write to inform you that the Purple Heart has been awarded posthumously to your son, Capt. George Peets, Jr., Infantry, who sacrificed his life in defense of his country.

"Little that we can do or say will console you for the death of your loved one. We profoundly appreciate the greatness of your loss for in a very real sense the loss suffered by any of us in this battle for our country, is a loss shared by all of us. When the medal, which you will shortly receive reaches you, I want you to know that with it goes my sincerest sympathy, and the hope that time and the victory of our cause will finally lighten the burden of your grief."

In a letter to Mr. and Mrs. Peets, the Secretary of War said:

"From the available information it appears that 1619 prisoners of war were embarked 13 December 44, at Manila on a Japanese vessel, presumably for transfer to Japan. The ship was bombed and sunk in Subic Bay, Luzon, Philippine Islands, December 15, 1945. After considerable delay there has been received from the Japanese government a confirmatory report of this sinking, with partial list of those lost and of the survivors. Nine hundred and forty-one of the prisoners of war, among them your son, are officially reported by the Japanese to have lost their lives at the time. Of the survivors remaining in the hands of the Japanese 59 are reported to have died and others to have been later transferred to Japan. Only two of the prisoners of war aboard are known to have evaded re-capture and returned to our forces.

MATERIALS AVAILABLE FOR NEW HOMES HERE

The present status on building restrictions appears to be as follows: Ex-servicemen may make application to War Production Board through local lumber yards for permit to build home. Same will usually be granted. In some needy cases priority will be extended for material.

Recently government orders on file with mills in amount of twenty million board feet of lumber and having high priority have been cancelled. This should in the course of sixty to ninety days cause more and better grade lumber to move into retail yards, same to be available for home construction. In the last few days restrictions on financing of homes has been eased making FHA money available.

MARSHALL BLAMED OVER PEARL HARBOR ATTACK

General George C. Marshall, Chief of Staff of the United States Army, was given partial blame for the sneak attack on Pearl Harbor on December 7, 1941, in a report made public today by the Army and Navy Board of Inquiry.

President Truman and Secretary of War Henry L. Stimson, came to the defense of the General by saying the criticism was unjust.

The report from the Army board says General Marshall failed to keep General Short fully advised of the situation which existed between the United States and Japan and failed to send important information on December 6 and 7, and then he failed to investigate conditions.

The Navy Board placed blame on Admirals Stark and Kimel, by saying they failed to demonstrate capability of judging when action should be taken.

It was said that General Short did not think Japan would attack.

JAP SURRENDER WILL BE ABOARD MISSOURI

Japan's surrender will be signed aboard the Battleship Missouri in Tokyo Bay August 31, General MacArthur announced today.

It was the first official word on the site of the signing. The 45,000-ton battleship participated with Admiral Halsey's Third fleet last month in bombarding Japan.

Earlier MacArthur had confirmed Tokyo reports that he would arrive by plane in Japan next Tuesday, weather permitting, with powerful Allied sea and air forces.

Forces of the conquering Allied nations, led by General MacArthur, their supreme commander, will land near Tokyo next Tuesday, Japanese time, and the formal instrument of surrender will be signed three days later.

The general disclosed his occupation surrender timetable at Manila today and simultaneously announced the instructions he sent to the Japanese government and imperial headquarters.

Around the sky train will hover swarms of fighters, ready to open at the first sign of treachery, and the 20 to 30 fighting men in each plane will be armed and alerted as though for an actual invasion.

The terminal for this armada will be Atsugi airdrome, 20 miles southwest of Tokyo, where MacArthur will land, meet the enemy's imperial general staff face to face for the first time and give it further orders.

From then on Japan will take its orders from MacArthur, who will preside when the final articles of surrender are signed in Tokyo bay August 31.

British Anger Up Over Cancellation Of Lease-Lend Aid

British anger was rising Friday over termination of lease-lend.

Prime Minister Atlee said: "The financial condition of the United Kingdom has been left in a serious condition."

Winston Churchill said: "I cannot imagine such rough and harsh treatment to a faithful ally."

American reaction, while not yet fully assessed, may take the form of resentment over British gouging of American interests. We have paid outlandish tributes to the British government, a dollar a gallon for gasoline, rent on barracks where American soldiers were quartered and now \$100 each on every man to be returned to this country.

America cannot continue to keep up the finances of the British government. We have done enough for England in this war.

Rev. and Mrs. John C. Solomon and their son, John, Jr., have left Cameron for their new home in North Carolina. He was pastor of the Presbyterian church for some time. Friends here were deeply moved by their loss to the city. Rev. Solomon was given a tribute at Rotary where he was serving as President.

City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 600 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us.

Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

WAR STILL THREATENS IN THE FAR EAST

President Truman Monday gave emphasis to what many have considered a grave situation in the far east and from his statement some have implied that the war is not over, that Japan has not surrendered and may not do so.

Millions of Americans have not as The President said "there are involved many elements of danger." yet been convinced we have won the war in the far east because Japanese armies have not been defeated.

We were witnessing a strange spectacle with our enemy surrendering, yet we are afraid to go in because of the danger.

PRESTON S. GRAVES, JR., IS BURIED IN CAMERON

Preston Shinault Graves, Jr., known to his friends as "Pete," son of Mr. and Mrs. Preston S. Graves, Sr., of Cameron, died in an El Paso hospital on August 18, 1945, of burns sustained in the refinery of Standard Oil Company, in that city. He was buried in Oak Hill Cemetery in Cameron on August 20, Rev. C. W. Sanders conducting the services, the American Legion in charge. The pall bearers were: Dr. Thomas S. Barkley, Henry, Paul and Rufus Graves, Jud Davis and Grady Cooper.

Preston S. Graves, Jr., was born at Cameron, Texas, May 17, 1910, and attended the public schools of this city and Southwestern University. Among out of town relatives and friends to attend the services were: Mr. and Mrs. Fred Graves and family of Dallas, Mrs. Nathan Cass of El Paso, W. C. Todd of Tyler, Dr. and Mrs. W. S. Barkley of Rockdale, L. R. Walker of Austin, Mrs. Wm. T. Hefley of San Antonio, Mrs. T. C. Gunning of El Paso, Mr. and Mrs. E. H. Bell, Mrs. James Bell, Mrs. Ben Bell, Miss Nellie Lee Bell and Mrs. Joe Yarbrough all of Beaumont; Mr. and Mrs. Ike Ward, Mrs. Bessie Bell Word, Mrs. Jim Teague, Mrs. Jack Parkhill all of Caldwell; Mr. and Mrs. Will Davis and son, Nelson, Paul,

"Dorian Gray" at Theatre Wednesday

"The Picture of Dorian Gray," the new Metro-Goldwyn-Mayer attraction at the Cameron Theatre is the grippingly imaginative story of a young man who wished that he remain forever young, and was granted that wish.

So it is that Dorian makes the wish that he remain forever young while a painting of him, just completed by a famous artist, grew older in his place.

This terrible wish is granted, but Dorian is not aware of it until he has gone through many experiences and adventures; until he has fallen in love and been the cause indirectly of a woman's death; until men fear and despise him and all London whispers and talks about him. And all the while only Dorian is aware of the horrible thing that is happening to

Lawn Mowers—Prewar Versus Postwar

Will Curry isn't falling for those pictures of a postwar life of ease. He was sweating over his lawn mower the other day, when somebody shows him pictures of a mower that runs under its own power.

"Shucks," says Will, "I like a lawn mower that gives you some backtalk and exercise. It gets the old blood circulating and works up a wonderful thirst. 'Then,' Will adds with zest, 'there's nothing in the whole world that tastes as good as a cheerful glass of beer!'"

From where I sit, there's a lot of good sense in what Will says. A little honest effort never hurt anybody. And there should be more to our post-war plans than how to make life comfortable and easy.

Outdoor work—work you do with your hands and your back—ought to be part of everybody's post-war plans. And on a hot day, as Will says, there's always that sparkling glass of beer as a reward!

ON GUARD for You...

24 hours a day

Night and day... every day... your electric refrigerator is on the job... helping to protect the health and well being of your family.

In these days of shortages and limited marketing, your electric refrigerator assumes a new importance... for in protecting the food and health of America's homefront, the millions of refrigerators now in use throughout the nation are making a major contribution to the War Effort.

THE SUMMER SEASON...

means extra work for your electric refrigerator and a regular system of correct care and use will prove invaluable in prolonging its usefulness. Check the suggestions listed below... you'll find them helpful in keeping your refrigerator on the job for vital wartime service.

HERE ARE SUGGESTIONS THAT WILL HELP...

- 1—DEFROST REGULARLY... Follow manufacturer's directions. Defrost when ice on freezer reaches approximate pencil thickness. Too much frost makes mechanism work harder to maintain proper refrigeration.
- 2—STORE FOODS PROPERLY... Meats and fish below in the cold storage container; milk and cream at top; butter, left-overs in the middle; vegetables and fruits in the crisper. Avoid overcrowding of foods—it retards necessary air circulation.
- 3—KEEP THE INSIDE FRESH, CLEAN... Wash with baking soda and water. Don't forget the freezer. Use soap and water for the shelves... and don't open the door too often—this overworks your refrigerator... especially in hot weather.

CAPT. PEETS
(continued from page one)
Capt. George Halsey Peets, Jr., was born at Maysfield on August 26, 1908. In 1918 he moved to Galveston with his parents and there he passed through his school days, lettering in football and graduating from Ball High School in the class of 1926. The following term he entered A & M

College, attending two years. He was subsequently with the National Guard four years, attending camp each year, resigning to enter the reserve corps he received his commission at the army training camp, attending maneuvers each summer.

In 1939 and 1940 he entered CCC work in New Mexico and in Arizona. While there he was called into active duty at Fort Bliss near El Paso, signing up as key man. While there he served at the reception center.

On April 21, 1941, he sailed from

San Francisco for the Philippine Islands. On his arrival at Manila he was assigned to command Company L, 31st Infantry. In July the President commanded the Philippine army to be incorporated with the U. S. Army. Capt. Peets was sent to Vegan on Luzon Island on special duty as an instructor. On his return to Manila he was temporarily in command of the 3rd Battalion, 31st Infantry. From the bombing of Manila on December 10, 1941, he was in the Bataan campaign until the surrender on April 7, 1942.

Capt. Peets was among the heroes of the now famous March of Death. He was placed in a Jap prison camp and his parents here had believed he was still alive and knew nothing of his death until July 1945, when they received the War Department message.

Surviving are his parents, Mr. and Mrs. George Peets, Sr., of Maysfield; six aunts as follows: Dr. Amelia Williams of the University of Texas; Mrs. L. K. Smoot and Mrs. Virginia Freeman of Austin; Mrs. E. P. McKinney of Dallas; Mrs. Josie Peets O'Fallon of Lessley, Miss.; Mrs. Kate Peets Smith, Smithdale, Miss.; two uncles, L. C. Peets of Lessley, Miss.; and Commander Granville H. Peets, in the C. A. S. W., stationed at Seattle, Washington. A number of cousins, four in the service, survive.

Capt. Peets, now one of nation's immortals for his heroic service in the Philippines, was a grandson of the

late T. H. and Emma Williams, pioneers of Milam county.

The Purple Heart, posthumously awarded, has just been received by his parents, Mr. and Mrs. George H. Peets, Sr., of Maysfield.

CHRISTIAN SCIENCE SERVICES

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, September 2.

The Golden Text is: "The law was given by Moses, but grace and truth came by Jesus Christ" (John 1:17.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined" (Isaiah 9:2.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine origin of Jesus gave him more than human power to expound the facts of creation, and demonstrate the one Mind which makes and governs man and the universe."

Mrs. F. F. Reid, of 709 N. Crockett, who suffered a broken arm and shoulder when she accidentally fell some two weeks ago, is reported to be improving some. Her many friends wish for her a speedy recovery. Her son Phillip Reid and family of Dallas, have been visiting his mother for a few days.

CORPUS CLEANING UP AFTER NIGHT GALES

The most destructive hurricane in 20 years was devastating a wide area of the Texas coast from Brownsville to Houston at noon Monday as the storm veered inland centering upon Port O'Connor.

Corpus Christi after a night of terror and devastation was cleaning up the debris from a 100 mile gale that blew in from the Gulf during the early hours of Sunday evening. The storm which was due to hit Corpus with all its fury, had veered somewhat and taken a north east course and was precipitating its fury upon Port O'Connor and smaller coast towns north along the shore.

For many miles inland water had covered the earth and driven thousands to higher ground in the interior of the State.

At noon the United States Weather Bureau predicted that winds with a velocity of 75 miles an hour would hit Houston. Early Sunday that city was believed to have escaped.

San Antonio and Austin were said substantially free of any prospective damage although high winds were recorded in those areas Sunday and Sunday night.

Port Aransas to Galveston was bracing for a 100 mile gale.

The known dead were two fishermen at Port Isabel.

At Port Lavaca the wind was blowing 125 miles an hour and the 7 foot tide was rising; Palacios reported that the center of the storm was 20 miles south; at Rockport the wind was blowing 135 miles per hour, the highest yet reported. The barometer at Rockport was 29.09.

The only area to give estimates on damage and that Rockport where \$500,000 was assessed. Aransas Pass was cut off from all communication and grave fears were held for the safety of those still remaining in the area.

The area around Victoria was believed severely hit by the storm.

The hurricane was moving slowly. It had passed back to sea and taken an eastern course up the coast and had not struck the land with all its fury.

In many places for miles inland the water was covering the land and roads to a depth of 10 feet. All highway traffic was cut off along the lowlands of the coast.

Pfc. Martin K. Weems Returns; Was Married Recently in England

Pfc. Martin K. Weems, veteran of more than 30 months of combat in the European theatre and three times wounded in action has just reached his home in Cameron.

Pfc. Weems wears the Purple Heart with two oak leaf clusters and upon his sleeve are 6 gold stripes. On his service ribbon are 4 stars, one for each of the major campaigns in France during the liberation of that country.

Pfc. Weems was recently married in England. He is the son of Mr. and Mrs. M. E. Weems of Cameron. His bride will soon arrive from England.

The Parish Church of England at Birmingham, was the scene of wedding on July 28, 1945, when Miss Ruby Elsie Cooley of Birmingham, England, became the bride of Pfc. Martin K. Weems of Cameron. The altar was decorated with large

baskets of flowers and tall white tapers.

A program of nuptial music included, "O Perfect Love," and "Handel Largo."

The bride, given in marriage by her father, wore a gown of white satin. A period headdress held her nine foot veil of misty illusion, and she carried an arm bouquet of four different shades of pink roses, interwoven with white satin ribbons.

Miss Eileen Evans of Birmingham attended the bride as maid of honor. She wore pale pink lace. Iris and Ruth Cooley, dressed in deep blue, and Ann and Phillis Badley, dressed in pale blue were brides maids.

The groom was attended by Pfc. Bill Bezzosi of Detroit, Michigan.

A reception honoring the couple was held at the club room of the church Tavern, at Aston Cross, Birmingham. A three tiered wedding cake and refreshments were served to relatives and close friends.

The couple left following the re-

ception for Wednesburg where they spent a short wedding trip.

The bride chose a light blue silk dress worn with a short leopard coat for traveling.

Mrs. Weems is the 20 year old daughter of Mr. and Mrs. A. R. Cooley of Birmingham, England.

The many friends of Leo Wilkerson will be glad to hear that he is improving from a stroke that he suffered several weeks ago. He is at his home.

LITTLE TIME IS LEFT FOR PUPIL REGISTRATION

Little time was left here Monday for the registration of students who will attend high school here this fall. Supt. Hanes was making a special appeal through the high school principal, Dick Young, to all students who have not done so to register. Next Friday, August 31, is the last day pupils can register if they intend to enter school on September 10.

There has been some confusion, Mr. Young said, due to the fact that pupils who registered in the spring are now required to register again. Mr. Hanes has changed the system so that registrations will not be made in the spring but on the eve of opening of school.

Students who registered in the spring must register again and they must register not later than August 31st.

Due to lack of understanding of the requirements, only a few have registered on days designated. Remember it is important you register now, even though you did register in the spring.

Mrs. Ethel Jones Receives Son's Award

CAMP SWIFT, Texas—The Soldier's medal, awarded posthumously to Sgt. Roy W. Jones of Gause, was presented to his mother, Mrs. Ethel Jones in a ceremony here Friday, August 24.

Col O. P. Houston, Post Commander presented the decoration to Mrs. Jones after Maj. Claude H. Latson, Post Judge Advocate, read the citing the act of heroism which led to the death of the Gause soldier.

Mrs. Jones has two others sons in the service. One, Edgar L. Jones, is in the Maritime Service. The other Sgt. Herman L. Jones, is now at home on sick leave, having been wounded in the Philippines, where he received the Bronze Star for heroism and the Purple Heart.

The citation read: "For heroism in * * * 9 December 1944, when a B-29 aircraft, carrying a full bomb load, crashed in flames upon returning from an operational mission, these individuals rushed to the scene of the accident. Although the blaze was raging furiously, and the danger of bombs exploding was imminent, they at once commenced the hazardous task of pulling the

wounded crew members to safety and extinguishing the flames. Despite the blinding smoke and intense heat and fully aware of the dangers involved, they courageously persisted in their efforts until the bombs exploded. Even then, after the aircraft was almost demolished, those who were still able to walk bent every effort to assist the more seriously injured. The magnificent courage and intense devotion to duty displayed by these individuals on this occasion are in keeping with the highest ideals of the United States army air forces.

Sgt. Jones, 21 year old, entered the army in March 1943.

Mr. and Mrs. George Peets, Sr., of Maysfield, were in Cameron Monday on business. Their many friends are deeply sympathetic with them over the recent loss of their son, Capt. George Peets, Jr., who was killed in action while being transferred from the Philippines as a prisoner of war. He was among the officers who were taken prisoners when the islands capitulated in 1942.

Mrs. Emma Moore has returned from Corpus Christi where she spent a three week vacation.

Will Gilbert visited relatives over the past week end.

Men Still in Service Eligible for Legion Membership Now

Men now in service and in uniform are eligible for membership in the American Legion, it has just been announced here by E. W. Streetman, Commander of the 11th District.

Mr. Streetman has been advised through the medium of the National Legionaire for August. The newspaper calls attention to the action of the National Committee in November 1944. It appeared that none were in-

formed here of the change which has been made in the Legion Charter. Heretofore only men who have been honorably discharged were eligible.

Under present regulations men still in uniform may enlist. This new action makes eligible some 12 million men. Many posts have taken advantage of the new rules and are signing up men still in uniform.
